## REPORTS/COMMUNICATION

**Construction Update:** Jerry Kramer with CLK Architects provided an update on current construction projects. To date, the elementary is about 69% complete while the high school projects (gym and band hall) are about 55% complete.

**Bond Planning:** Representatives from the architect firm Pfluger Associates discussed support options available for bond campaigns.

**Campus Principal Reports:** Each campus administrator provided a written report on evidence of “London Proud”, campus highlights and upcoming events.

**Campus Spotlight:** In their two-part presentation, students from London Middle School offered trustees a vision for the year and examples of learning activities that are happening on the campus. The Student Council officers summarized how “STUCO...Making Things Happen” is a reality at LMS. Through the events, projects, clubs, and the Academic Pentathlon, the campus is headed for great things in 2019-2020. Additionally, students from Ms. Horton’s technology classes shared stories they had written along with how they are learning vocabulary in very creative ways.
